SUBJECT: Removal from registration of an undesirable Scouter

Through a young man at Camp School last June we became aware of a suspected moral problem with Mr. Chuck Howell, who is currently registered with us as a Scoutmaster of Troop 477 in Ellensburg, Wa.

This young man came to us from the Chief Seattle Council where he had been employed as a counsellor in their camp. The information we received at Camp School was that he had been discharged from that position on suspicion of homosexuality.

In an effort to obtain proof of this we secured the enclosed letter (photostatic copy) written by Mr. Chuck Howell and addressed to a [REDACTED] of Twin Falls, Idaho.

We are anxious to resolve this matter and await word from you.

Sincerely,

E. Gail Akers

July 25, 1973

Dear [redacted]

Came home from camp on the 31st July, and went over to Seattle for two weeks to be with my family. Returned to E-burg for a week. My girlfriend left for Australia to teach school for two years (she graduated in Math from Central, and will be teaching high school age students) on Monday. So I came over with her to Sea-Tac to see her off and spend another week in Seattle. Moved a few things belonging to Graham today as I start my September experience here on Monday. Please not writing on yellow paper because you did, that because it's all I have right now and I wanted to get a letter off to you before this would be stuck in the next mo. or so.

The most important part of your letter was the first sentence of P. 3, "I regard your friendship as contractual, and wish to keep it." I respond to that with thanks, it's yours for as long as you want it. I am gay (homosexual). My girlfriend who I speak of earlier has known this now for about a year. And in that time we have grown together sexually and socially, and maybe some day live with each other in the same house. Well, not (necessarily) as ^{husband} man and wife. Some say that, that is Bi-sexuality but on the sexual continuum of

1 Homosexual — Bi — Homosexual 1

would have to rate myself as on 7.9-7.5 ????

(I thought he was under of proper.)

As far as [redacted] is concerned he can share it up his ass and let it Rot there. Short explanation. My first year in college marked my first year as a staff member. I taught Archery, and never being picked up in [redacted] I was before that quite well. I was the only one on the range living the day except when campers come down and it would get quite lonely when there was no one of my maturity to interact with. So I found to become in 11 - 1st yr club, I was 19. The next year when I returned I was well known by staff and returning campers. Had made the mistake the first year of being an associate staff member know I was gay, which I think created some of the problems the next year. [redacted] developed a crush on a first year staff member that year [redacted] (5yr) he later let on that he was in love with me but had never had sex before (only child) and wanted one so "show him the ropes". That's not quite exact terminology but it works. He was becoming very frustrated on staff and decided to quit the second week. But he returned to a camp on the reservation just 5min from us and came over one night to say hi, at which time we had a short lesson on the joys of physical sex. That was the last I saw of him until a year later, for my frustration over [redacted] I let my guard down by mistake and became open to suggestion by campers. I all of a sudden on the 7th week found myself being hit with sex campers ages 14-16 and pictures taken of three of us on the archery range (much) not doing sex or even suggesting such. I received copies of the photos & negative with in the next week. And I kind of [redacted] with a few staff. By this time most everyone knew of them. [redacted] asked if he could see them and the next morning I was asked to remove myself of any participation of the staff by the Camp Dir. I worked as Program Dir for a staff camp this year & last, not native, and in a staff camp council. When they found out from [redacted] what was shown they checked it out but still kept me on as a staff member. Haven't seen any of them for a while so it's known but will happen.

I learned a lot from the experience of that summer.
More than just be written here, I will mention
a few things. 1. ^{(on White (1968))} you can't have it with
an 11-16 grade kid if he doesn't want it. 2. there
is very little gained in sexual activities with
teen 3. seduction of 11-15 grade does not create
homosexuals but can bring out hidden homosexual
tendencies out on earlier stage. 4. Non-homosexual - bi sexual
(1-5) youths won't be seduced by gays. Since that
time I have been working on obscenity, my
friend with information about gays and sex. It is
a hard job. That is it, I'd say it's not a story
to tell around the camp fire. And I'm sure you
won't.

Where do you fit into the picture? Don't
over dramatize. For a male you have an ideal
physique and personality and become a prime
target for gays. If you were slightly effeminate
you'd be a stereotypical "fag". Think that your ret.
I enjoy the company of all the people at camp
school but try to make contact on a couple of
friends before the week end (Believe it or not a
scout from school that you were turned up three weeks
ago at the same guy who was at it in Seattle. We
were great friends at school and had kept in contact
for two years the last contact until the other day.
He "came out" about a year ago, and never knew
I was gay until the last summer. It happened that you
and Terry were the goal dance-chairs for the year.
I suspected that you were not likely straight,
and never tried to seduce you, because your
friendship and love were more to me than your
body. And I try to respect your orientation (arguing for that matter)
in hopes that they will do like mine for me.
I'm not perfect and have many faults some of
which could be corrected others, which are permanent.

But I think that I have many good points
also and that I try to slightly first.
Must take time now I'm getting winter creep, and
have time to write before too late. But before I go...

For what ever love means to you
I love you in my way ...
With my own feelings & definition ...
For what ever love means to you
I'll love you as you wish me to ...
With your wanted response ...
If I may touch you, hold you, kiss you?
If I may not?
I will still love you ... my way.

Yours, Brotherhood, Friendship
Charles Howell

P.S. Joe Brinkley was a full moon, their hell on earth.

P.P.S. (sic)

Will explain accounting and my relationship
to it in another letter later after I hear from you.
For now I'm not in the D.S.A. to "crucify" shadow.
Shall we say I've heard my lesson?
